Children on our color carpet.

A little about us: West 22nd Street Head Start/Early Head Start promotes the school readiness of children by enhancing their cognitive, social, and emotional development. Our program provides an atmosphere where active supervision and parent involvement are the stepping stones. Our learning environments support children's growth in many areas such as language and literacy, cognitive and social and emotional development. We emphasize the role of parents as their child's first and most important teacher, therefore we operate to serve our families as a whole with programs that help build relationships with families, that support family well-being and many other important areas.
