We take pride in having a diverse environment with materials, children, teachers, and parents. We provide a fun and engaging learning experience for your family. We cater to the needs of the learner and focus on their strengths while allowing them to build confidence on their challenges. We encourage problem-solving, decision-making skills, as well as learning how to get along with others. We believe that children learn best in a nurturing, child-initiated play-based environment that fosters self-confidence, trust, creativity, autonomy and acceptance of individual differences. Bringing your child to our center, will be a positive decision for your family for a lifetime.

A little about us: Our goal at Granite Quarry Elementary School is to educate hearts, inspire minds, and empower leaders for tomorrow. Our preschool program is essential in preparing children for kindergarten. Our teachers provide a rich, play-based environment that fosters literacy, math, and social emotional skills. Our blended classes allow children to get to know each other with the support of the teacher as all children grow their communication and problem-solving skills. Families are provided opportunities to interact with their child at school through various classroom events, and children are provided opportunities to meet various people throughout the community as a part of the curriculum.

A little about us: Morgan preschool is a place where your child can imagine, create and participate. We provide FUN, high quality educational experiences in a safe public school setting that will enhance kindergarten readiness. Parent quotes: “Thank you for always being so kind, supportive, loving and caring. Mainly thank you for being so compassionate about teaching.” “Mrs. Gardner and Mrs. Trexler are the kindest, most dedicated teachers we could have hoped for. They went above and beyond to help our child feel comfortable, to encourage her and to be excited about classroom happenings. We know she is well prepared to begin kindergarten.”

Smiling faces at Morgan's NC Pre-K program.
