Our learning environments support children's growth in many areas such as language and literacy, cognitive and social and emotional development. We emphasize the role of parents as their child's first and most important teacher, therefore we operate to serve our families as a whole with programs that help build relationships with families, that support family well-being and many other important areas.

A little about us: We give the child an opportunity to explore and learn outside our four walls. Our staff skillfully teach, expand and challenge the child's imagination to learn more. This includes field trips, such as Disney on Ice, UniverSoul Circus, visits to Patterson Farm, etc. We teach and "love children away from home." As a result, we have witnessed our past students become future leaders with a desire to impact the city and the world. With that stated, every child that graduates from our program and furthers their education at a 4 year College/University is provided a scholarship from Kiddie Land Kindergarten Incorporated.

“Tell me and I forget. Teach me and I remember.

Involve me and I learn.”
