A little about us: We pride in having a diverse environment in our materials, children, teachers, and parents. We provide a bilingual (English & Spanish) learning experience for your family. We encourage problem-solving and decision-making skills, getting along with others. A little about us: Westside Head Start/Early Head start promotes the school readiness of children by enhancing their cognitive, social, and emotional development. Our program provides an atmosphere where active supervision and parent involvement are the stepping stones. Our learning environments support children's growth in many areas such as language and literacy, cognitive and social and emotional development. We emphasize the role of parents as their child's first and most important teacher, therefore we operate to serve our families as a whole with programs that help build relationships with families, that support family well-being and many other important areas.
